EIFFIL WATER INFRA

BUILDING INFRASTRUCTURE FOR EARTH'S WATER SECURITY

Q1 FY 2026-2027

Quarterly Performance Report

From The Desk Of The Chairman

Mr. Ranchhod Kakadiya
Founder & Chairman

Dear Shareholders,

It gives me great pleasure to present the journey of **Eiffil Water Infra Limited ("EWIL") for First quarter of FY 2026-27.**

During the first quarter of FY 2026-27, we remained focused on expanding our capabilities in Water, Drainage, and Irrigation systems. By leveraging our technical expertise and execution capabilities, we continued to strengthen our market position while creating sustainable value for all stakeholders.

Our Shared Vision & Goal

To be the first choice for water and energy security, ensuring India's leading role in world-class infrastructure.

Credo: *"Work with your head down, and let the work speak."*

"Together we can, and together we will."

Thank you for your support. Jai Hind. Jai Bharat.

This presentation and the accompanying slides (the “Presentation”), which have been prepared by Eiffil Water Infra Limited, (the “Company’), have been prepared solely for information purposes and do not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment whatsoever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded.

Certain matters discussed in this Presentation may contain statements regarding the Company’s market opportunity and business prospects that are individually and collectively forward-looking statements. Such forward-looking statements are not guarantees of future performance and are subject to known and unknown risks, uncertainties and assumptions that are difficult to predict. These risks and uncertainties include, but are not limited to, the performance of the Indian economy and of the economies of various international markets, the performance of the industry in India and world-wide, competition, the Company’s ability to successfully implement its strategy, the Company's future levels of growth and expansion, technological implementation, changes and advancements, changes in revenue, income or cashflows, the Company's market preferences and its exposure to market risks, as well as other risks. The Company's actual results, levels of activity, performance or achievements could differ materially and adversely from results expressed in or implied by this Presentation. The Company assumes no obligation to update any forward-looking information contained in this Presentation. Any forward-looking statements and projections made by third parties included in this Presentation are not adopted by the Company and the Company is not responsible for such third-party statements and projections.

All Maps used in the Presentation are not to scale. All data, information and maps are provided "as is" without warranty or any representation of accuracy, timeliness or completeness.

Eiffil Water Infra Limited - Profile

Eiffil Water Infra Limited established in 1998, has emerged as a leading force in Designing, Construction, Commissioning, and Operation & Maintenance, with a particular emphasis on **Water, Drainage, and Irrigation systems**. Based in Ahmedabad, Gujarat, EWIL is strategically situated to meet the diverse infrastructure needs of the region's Water Supply and Wastewater Systems.

EWIL is recognized for its **"AA" Class** registration with Gujarat's R&B Division, valid across India for bidding on tenders of any amount. Additionally, it is registered in **Civil Class-1** for PWD, Karnataka state, underscoring its commitment to excellence.

Guiding Principles

Our Vision

We will bring to you a culture that nurtures performance, integrity and client satisfaction. We are professional in providing excellent construction solutions throughout the country. At our company our employees will look forward to being creative and empowered, turning their ideas into reality for the client. We will inculcate a culture of learning through experience, alongside meeting the expectation of our employees, clients and society.

Our Mission

To be the leader in the highest quality of construction services carried out in a fair manner. To realize the importance of all human resources that are necessary for the business and hence ensuring client and employee satisfaction, by empowering both of them. To create something new and useful for the country and society.

- 200+ Successfully Completed Projects
- Skilled Workforce with 240+ Certified Engineers
- Backed by 27 Years of Industry Experience

Construction Verticals

Sewage System

Design, construction, and maintenance of efficient sewage disposal systems, ensuring sustainable waste management and environmental protection.

Canal Works

Construction of canal works, delivering sustainable water management solutions for efficient irrigation and flood control systems

Water Supply System

Designing and constructing reliable water supply systems, ensuring communities have access to clean and sustainable water solutions

Treatment Plants

Constructing advanced water treatment plants, providing innovative solutions for purifying water and ensuring a sustainable and clean water supply

Road Projects

Road restoration works undertaken as part of integrated sewerage network development projects.

Solar Projects

Entry into Solar EPC business marks a strategic step toward becoming a multi-sector sustainable infrastructure company.

Potable Water Supply Projects

Water supply projects are vital for ensuring reliable access to clean and safe drinking water, focusing on enhancing infrastructure for water sourcing, purification, storage, and distribution to meet the needs of communities.

These initiatives aim to improve public health, support sustainable development, and safeguard water resources for future generations.

Water Sourcing

Sourcing surface water from rivers, lakes, and reservoirs, groundwater from wells and boreholes, even rainwater harvesting etc, which is often utilized in rural or drought- prone areas

Water Treatment

Water from natural sources undergoes treatment. After chlorination to remove bacteria, it is stored in reservoirs and pumped to Elevated Storage Reservoirs (ESR) for distribution to homes

Desalination Plants

Cities located nearby Costal Area, the Desalination Plants are used to convert Sea Water or Brackish Water in to drinking water

Clean Water Infrastructure | Treatment to Distribution Solutions | Sustainable Water Resource Management

Operating Model

Conventional Contracting

Delivering end-to-end conventional water supply and treatment solutions, from design to execution.

Our expertise ensures efficient and sustainable water management systems for communities and industries alike.

Turnkey EPC Project

Offering fully integrated services from project planning and design to execution and commissioning.

Our holistic approach ensures timely delivery of efficient and sustainable water management systems.

End-to-End Water Solutions | Integrated EPC Execution | Sustainable Infrastructure Delivery

Leadership Team

Mr. Ranchhod Kakdiya
Founder & Managing Director
26 Years of Experience

Seasoned infrastructure entrepreneur. Key role in scaling execution capabilities and building long-term institutional relationships.

Mr. Nirav Patel
Director & CEO
15 Years

Leads business operations and strategic growth with strong expertise in infrastructure management.

CA Jaynam Shah
Director & CFO
8 Years

Expert in corporate finance, financial controls, and strengthening financial governance.

Mr. Haresh Vaddoriya
Director
15 Years

Focuses on operational management and project coordination within the infrastructure sector.

Mr. Jayanti Savsaviya
Director
15 Years

Extensive experience in project supervision and supporting timely delivery of projects.

Mr. Ajay Shah
Technical Head
45 Years

Provides engineering leadership and strategic execution oversight across complex developments.

Mr. Neel Kakdiya
Director
Finance Prof.

Contributing towards finance management with a dynamic and growth-oriented approach.

Mr. Keval Dave
Company Secretary
12 Years

Plays a key role in driving statutory compliance, Corporate Governance, and capital market preparedness.

CORPORATE JOURNEY | Major Events & Milestones

EIFFIL WATER INFRA

1998
Inception

Established by Mr. R.Z. Kakadiya, marking the Company's entry into the infrastructure sector in Southern Gujarat.

2006
Expansion into Water Sector

Ventured into the Water & Wastewater industry, building strong capabilities in sewage infrastructure projects.

2011
Partnership Formation

Converted into a registered partnership firm, creating a stable foundation for growth in the sewage and drainage

2015
Leadership Expansion

Mr. Haresh Bhai Vaddoriya and Mr. Jayanti Bhai Savsaviya joined as partners, strengthening operational leadership.

2016
Major Project Wins

Secured large UGD & STP projects in Rajasthan, Karnataka, Daman.

2019
Financial Leadership

CA Jaynam Shah as Chief Financial Officer marked a defining milestone, his leadership reinforced financial discipline & supported long-term strategic growth."

2020
Visionary Director

Mr. Nirav Patel joined as Director, contributing to strategic expansion and driving the Company to new milestones.

2024
Corporate Restructuring

Upgraded to Private Limited — Eiffil Water Infra Pvt. Ltd., paid-up capital ₹ 200 Mn

2025
Capital Infusion and Public Company

Secured ₹ 970 Mn via private placement from external investors and Converted to Public Limited Company and Appointed M/s Manubhai and Shah as Statutory Auditor

May 2026
CS appointment and IPO Readiness

Appointed Whole-time Company Secretary, Internal Auditor and Secretarial Auditor enhanced governance & capital market readiness.

Key Investor Takeaways

01 Strong Margin Expansion

EBITDA margin improved from **14.69% to 23.93%**, reflecting enhanced operational efficiency, better project execution, and improved cost management.

02 Healthy Profitability Growth

PAT margin remained resilient while absolute PAT recorded strong growth, demonstrating the company's ability to convert higher revenues into sustainable earnings.

03 Operating Leverage

Revenue growth has outpaced the increase in operating costs, resulting in improved EBITDA and stronger cash-generating capability

04 Improving Business Quality

Higher margins, consistent profitability, and disciplined execution indicate a strengthening financial profile, supporting long-term value creation and future growth.

The company has maintained double-digit operating profitability margins, reflecting strong operational efficiency and disciplined cost management.

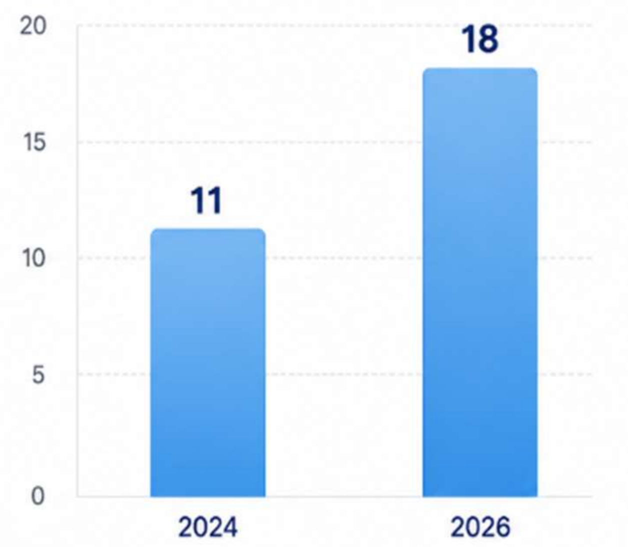
INDUSTRY GROWTH

Indian Water And Wastewater Treatment Industry

EIFFIL WATER INFRA

INDUSTRY SIZE (USD BN)



CAGR (2024–2026) **27%+**

Key Growth Factors

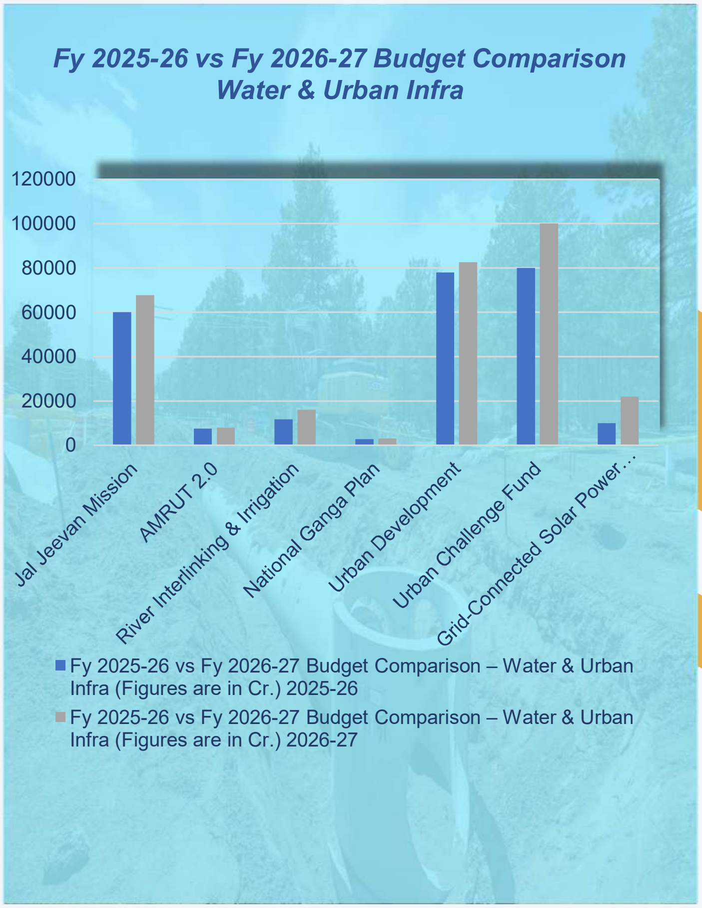
Water Scarcity
India has 18% of the world's population but only 4% of the world's water sources.

Growing Population
India's rapid urban population growth is leading to more wastewater production and putting strain on existing infrastructure

Government Initiatives
India has several national initiatives, such as the Jal Jeevan Mission, AMRUT, and the National Mission for Clean Ganga (NMCG)

Water Treatment Technology
Advancements in water treatment technology are offering promising opportunities

Key Union Budget 2026-27: A Watershed Moment

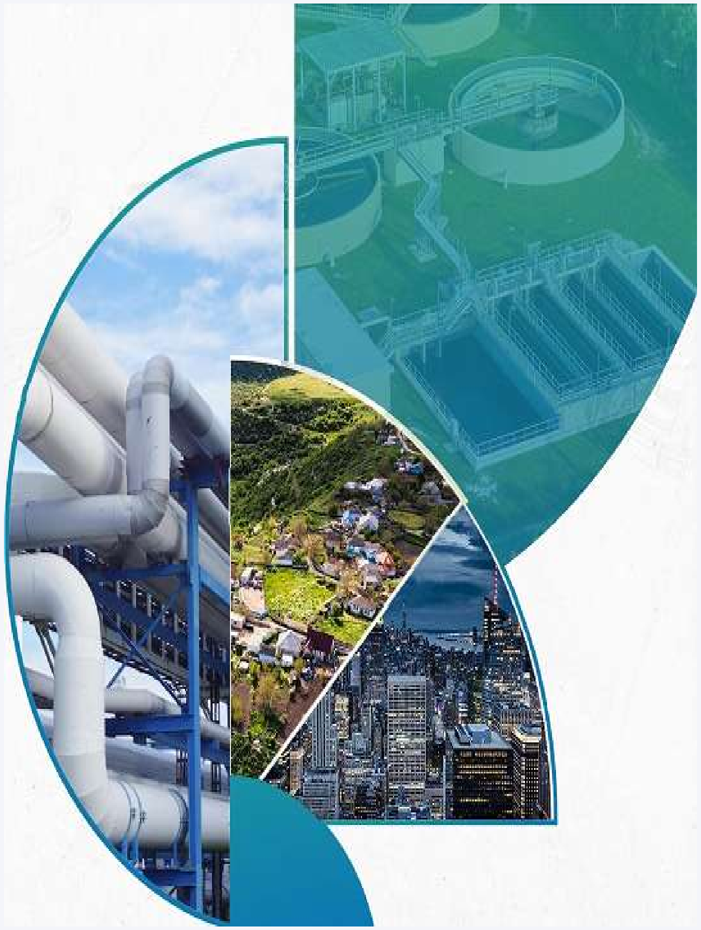


- Strong increase in water & urban infra spending
- Focus on sustainable and smart infrastructure
- Positive outlook for infra & EPC companies

Fy 2025-26 vs Fy 2026-27 Budget Comparison – Water & Urban Infra (Figures are in Cr.)

Gov. Program	2025-26	2026-27
Jal Jeevan Mission	60000	67670
AMRUT 2.0	7500	8000
River Interlinking & Irrigation	11707	16013.13
National Ganga Plan	2800	3100
Urban Development	78000	82570
Urban Challenge Fund	80000	100000
Grid-Connected Solar EPC Power Development	10000	22000

Charting the Course: India’s Water Infrastructure Revolution



Record Capex

₹ 12.2 lakh crore allocated to infrastructure – a historic high signaling unwavering government commitment to nation - building.

Water Infra Upscale

Substantial 37% rise in the Gov. budget for River Interlinking & Irrigation projects signals produces substantial opportunities for irrigation sector.

Multimodal Connectivity

₹ 5.98 lakh crore for transport and logistics, prioritizing inland waterways – directly accelerating water infrastructure execution

Urban Development

City Economic regions(CERs) funding will drive integrated water and sanitation demand across Tier II and Tier III cities
